

THE MORE YOU DANCE, THE MORE YOU GROW!

MORE CLASSES ♥ MORE SKILLS ★ MORE CONFIDENCE ♥ MORE FUN!

At Dantz Dynamix, we believe every class is another opportunity to grow! Dancers who take multiple classes often see faster progress, become more well-rounded performers, and develop greater strength, flexibility, coordination, and confidence. With every class, dancers will gain additional skills, new friendships, and another chance to shine, all while making even more amazing memories with their Dantz Dynamix family.

We've made it easy for busy families! We've conveniently scheduled several classes back-to-back, allowing many dancers to take multiple classes in a single visit instead of making multiple trips to the studio each week. Check out the class combinations below—you might be surprised how easy it is to add another class to your dancer's schedule!
